Theory of Multiple Intelligence Unlocks Extraordinary Mind

Multiple Intelligence is a cognitive theory that states that each individual has varying levels of intelligences and thus each student uses a unique “cognitive profile” to learn. Dream Middle School (DMS) presents challenging academics in a variety of ways (intelligences) ensuring that learning is relevant to every student. DMS students learn to customize all information to match their personal cognitive profile. **Dream Middle School students know who they are and how they learn.** DMS students will succeed in high school college, and more importantly life.
